

7-DAY TARANGIRE, LAKE MANYARA & SERENGETI SAFARI

Get a taste of Tanzania with this whirlwind safari itinerary, visiting three of the country's best wildlife-watching destinations. Observe tree-climbing lions at Lake Manyara National Park, witness the Great Migration across the Serengeti and explore the incredible natural phenomenon, the UNESCO-protected Ngorongoro Crater. Tick off Africa's Big Five (lion, leopard, elephant, buffalo, and rhino), spotting big game on game drives, walking safaris, and even canoe safaris.

- *Tarangire National Park*
- *Lake Manyara National Park*
- *Serengeti National Park*
- *Ngorongoro Crater*
- *Lake eyasi*

Day 1

TARANGIRE NATIONAL PARK

Pickup from the hotel early in the morning (around 8:30 am) and start our safari - transfer to **Tarangire national park**. This is one of the best kept secrets of north circuit. The park covers an area of 2,850 sq km and it offers some unique and diverse landscapes. The permanent presence of water in the area makes it a good choice especially during the dry season (June - Oct, Dec - Feb) as plenty of wild animals migrate here. The park is home for big baobab trees, big mammals and especially elephants, as long as other carnivores. Lunch inside the park and afternoon game drive. Evening transfer to the lodge.

Day 2

LAKE MANYARA NATIONAL PARK

After breakfast, early transfer to **Lake Manyara national park** for full day game drive. Lake Manyara national park which offers some breathtaking sceneries. Lake Manyara is famous for its lush acacia forest, giant figs and mahogany trees, as well as to a growing population of baboons and blue monkeys. You will be able to spot giraffes, elephants, impalas, buffaloes and a large number of hippos. Some unique facts about this park include the tree climbing lions, flamingos in the lake shore, as well as the Ground Hornbill and the Crested Eagle. Lunch inside the park and evening return to the lodge.

Day 3

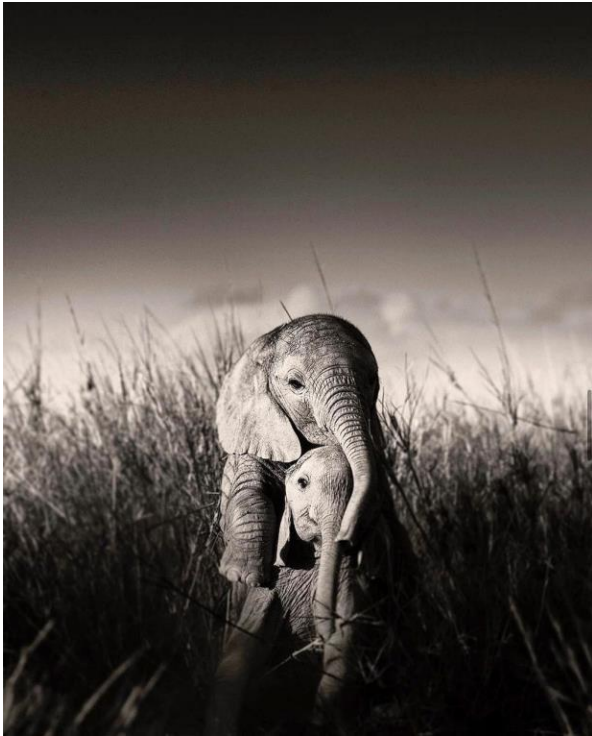

SERENGETI NATIONAL PARK

After breakfast, transfer to **Serengeti national park** through Ngorongoro area. Who doesn't hear of Serengeti? It's the most desirable and ultimate safari experience. The "land of endless plains", since it covers an area of 14,760 sq km, divided roughly into short grass and woodland area. It's the land of the nomadic Masaai tribe and also known for its wildlife density and the annual wildebeest migration. Don't miss the opportunity to live this experience. Lunch inside the park and afternoon game drive. Evening return to the lodge.

Day 4:

Full game drive in **Serengeti national park** and overnight there. This day is fully customized at your needs, without any rush and at the evening transfer to the lodge.

Day 5

SERENGETI TO NGORONGORO

Early morning game drive in **central Serengeti national park** and at the afternoon transfer to **Ngorongoro conservation area**. One of the UNESCO's World Heritage Sites since 1979 Ngorongoro covers 8,200 sq km and it is part and parcel of the broader Serengeti ecosystem. It is often called the 8th wonder of the world, since it has it all: stunning landscapes, wildlife density and a mankind community (Masaai) co-existing in perfect harmony with the Wildlife. The Ngorongoro's crater caldera is intact and it hosts the very rare Black Rhino. It's also the largest concentration of wildlife per square km in the world. Words alone cannot express the beauty of Ngorongoro, you have to see for yourself what this majestic place is all about. We are convinced that you will agree, it deserves the title of eighth wonder of the world! Overnight to the crater reef at the lodge.

Day 6

NGORONGORO CRATER

After an early morning breakfast at 7:00am we start transfer to **Ngorongoro crater and descending down to the crater floor**. Morning and afternoon game drive inside the crater floor, with lunch inside the crater floor and transfer to Lake Eyasi at the evening we begin our return to stay in lodge.

Day 7

HADZABE TRIBE AND LAKE EYASI

Very early in the morning, before breakfast, join the Hadzabe tribe, one of the last true nomadic tribes of Africa, in a fascinating hunting or fruit gathering session. This is something absolutely unique and out of the beaten track which is a great cultural experience and authentic while providing incredible opportunities for world class photography. After staying a while with the tribe, visit the beautiful Lake Eyasi, a seasonal shallow Salt Lake on the floor of the Great Rift Valley at the base of the Serengeti Plateau. In the afternoon, return to Arusha.
